

Diversion Route to and from the Newbury Radio Rally

At the Newbury Showground

Highways England have informed us that repairs to the roundabout at junction 13 of the M4 will take place over 9 weekends during the summer. This includes the weekend of the Newbury Radio Rally which is on Sunday 23rd June.

During that weekend you will not be able to use any part of the M4 / A34 roundabout and this has an impact on people wanting to access the showground from either the M4 or A34

To help you, and in addition to the maps on the following pages, the Newbury Radio Rally will have **talk-in** on S22 (145.550MHz) and possibly the local repeater GB3NE (145.7625MHz). Listen for our callsign **GB4NR**

We look forward to seeing you at the rally and we recommend that you make sure you know which diversion you need to take and allow a little extra time for your journey.

The following pages show the diversions you should take when travelling to and from the showground for a specific route

This map is specifically for someone who's route to the showground means that you will travel EAST on the M4
